DRAWA Surrender Form

Thank you for reaching out to DRAWA to help rehome your dalmatian. DRAWA offers a judgement-free service as we understand that circumstances can change over time, and that there are many reasons why you may want or need to surrender your pet.

Please complete the form below (if surrendering more than one dalmatian, please complete a separate form for each dog), providing as much detail as possible. This information will help us to assess your application, and in finding a new home for your dog.

Once we receive your form, a DRAWA Committee Member will be in touch to discuss the surrender further. Please bear with us as we are a volunteer not-for-profit organisation, and may not be able to respond immediately. Our focus will always be on the best welfare outcome for both you and your pet, so we may suggest alternatives that may help alleviate the pressures you are feeling without the need to surrender your pet. But if you do wish to proceed with the surrender, be assured that we will do our best to find the right home for your pet.
